SOFTWARE DEVELOPMENT CONTRACT

This Software Development Contract (the "Contract") is made effective as of [Insert Date: _____], by and between [Client's Full Legal Name: _____], with an office located at [Client's Full Address: _____] ("Client"), and [Developer's Full Legal Name: _____], with an office located at [Developer's Full Address: _____] ("Developer").

1. Scope of Work

- **Project Description**: [Provide a comprehensive description of the software to be developed, including the purpose, core functionalities, user interface requirements, and any specific technologies or platforms to be used: _____]
- **Deliverables:** [Detail all expected deliverables, which may include software code, executable applications, documentation, technical specifications, and any other materials to be delivered: _____]
- **Development Stages:** [Outline the project timeline, defining clear stages or milestones, associated deliverables for each stage, and corresponding completion deadlines: _____]
- **Change Request Procedure:** [Describe the process for requesting, approving, and implementing changes to the scope, including any impact on costs and timeline: _____]

Project Management

- **Project Schedule:** [Provide a detailed schedule, including the start date, major milestones, deliverable submission dates, and project completion date: _____]
- **Reporting:** [Define the interval and method for progress reports, specifying the format and content expected in each report: _____]
- **Acceptance Testing:** [Outline the procedures for testing deliverables, the criteria for acceptance, and the process for addressing any deficiencies: _____]

Payment Terms

- **Fees and Expenses:** [State the total cost of the project, the payment structure (e.g., fixed fee, hourly rate), payment milestones, and any reimbursable expenses: _____]
- **Invoicing:** [Provide instructions for invoicing, including the information to be included, the frequency of invoices, and the payment period: _____]
- **Payment Terms:** [Detail the due dates for payments, acceptable forms of payment, and any penalties or interest for late payments: _____]

Intellectual Property Rights

- **Ownership of Code and Materials**: [Clarify the ownership of the software, source code, and any related intellectual property created during the project, upon payment: _____]

- **Licensing:** [If applicable, define the terms under which the client will be licensed to use the software, including any limitations or restrictions: _____]

- **Third-party Materials:** [Explain the use of any third-party software or components, how they will be licensed, and who will bear the cost of such licenses: _____]

Confidentiality

- **Definition of Confidential Information**: [Define what information is considered confidential in the context of the project, which may include technical data, trade secrets, business operations, and customer information: _____]

- **Obligations of Confidentiality:** [Specify the responsibilities of the Developer in protecting the Client's confidential information, including any limitations on use and disclosure: _____]
Warranties and Representations

- **Performance Warranty**: [Guarantee the performance of the software according to the specifications for a certain period after delivery, and outline the remedies available to the Client if the software does not perform as warranted: _____]

- **Developer's Representations:** [State the Developer's assurances regarding their qualifications, authority, and capacity to perform the services required by the Contract: _____]

- **No Infringement Warranty:** [Assure that the software and its components do not and will not infringe on the intellectual property rights of third parties: _____]

Indemnification

- **Mutual Indemnification:** [Both parties agree to defend, indemnify, and hold each other harmless from any claims, damages, or expenses resulting from their respective breaches of the Contract: _____]

Limitation of Liability

- **Caps on Liability:** [State the maximum amount for which each party may be held liable under the Contract, often related to the total payment amount for the project:

  _____]

- **Exclusions**: [List the types of damages that are excluded from recovery, such as consequential, indirect, incidental, or punitive damages:

  _____]

Termination

- **Termination for Convenience**: [Detail the conditions under which either party may terminate the Contract without cause, including required notice periods and any termination fees:

  _____]

- **Termination for Cause**: [Specify the conditions that would allow for termination due to non-performance or breach of the Contract, including notice and cure periods:

  _____]

- **Effect of Termination**: [Describe the rights and obligations of both parties upon termination, including compensation, return of property, and obligations of confidentiality:

  _____]

Dispute Resolution

- **Governing Law**: [Identify the jurisdiction whose laws will govern the Contract:

  _____]

- **Dispute Resolution Mechanism**: [Outline the agreed method for resolving disputes, which may include negotiation, mediation, arbitration, or litigation:

  _____]

General Provisions

- **Assignment:** [State any restrictions on either party's ability to assign rights or delegate duties under the Contract without the other party's consent:

  _____]

- **Notices:** [Define the methods by which formal notices may be given (e.g., email, certified mail) and when they are considered received:

  _____]

- **Entire Contract:** [Affirm that the Contract represents the full and entire understanding between the parties regarding the subject matter hereof: _____]

- **Amendment**: [Specify the process by which the Contract may be amended, usually requiring a written document signed by both parties:

  _____]

- **Waiver**: [Explain the conditions under which a party's waiver of rights under the Contract is considered valid and binding: _____]

IN WITNESS WHEREOF, the parties hereto have executed this Software Development Contract as of the date first above written.

[Client's Company Legal Name_____] [Developer's Company Legal Name: _____]

By: _____ By: _____

Name: _____ Name: _____

Title: _____ Title:_____
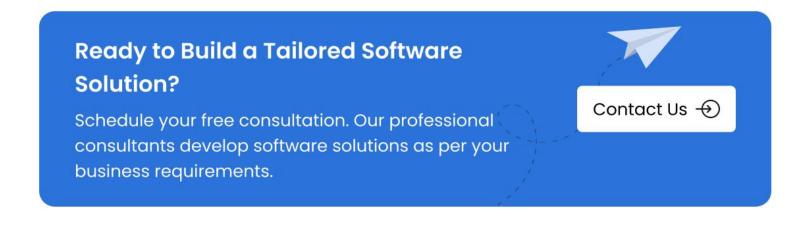

Date: _____ Date: _____
